

prodissues. Then there was silence.

No Excuses to blogging

Blogging-writing

Couple of months ago I wrote about my experience learning to touch type. While writing it, I found this related article by Sacha Chua, which helped me rationalize to myself why it is such an important skill to learn. I ended up spending almost an hour browsing Sacha's site. The amount of resources, posts, tips and tutorials that she shares is humongous!

I'm currently using Pelican to power this site. Pelican is a static site generator (SSG) that takes markdown files as an input and generate html pages as an output; no database, no server-side logic; just simple, static HTML.

Apple Watch - 6 Months Later. Not That Great.

Thanks for the 6 month review. I have a stainless steel 42 MM... On "Apple Watch - 6 Months Later. Not That Great."

YANIV
I agree with every word you say. This is a "beautifully engineered On "Uploading Images To Amazon S3"
